JAPANESE PACIFISTS DENOUNCE CHINA WAR

Significant Revelations Made In Open Letter

TRIBUTE TO CHINESE HEROES

Hong Kong, January 21.

A letter revealing the widespread anti-war feeling in Japan and paying high tribute to Chinese soldiers for their heroic defence of their country was recently received by Madame Chou Lu, wife of the Chancellor of the National Sun Yat-sen University, from a representative of the Japanese Anti-War Association. The letter, addressing the Chinese as "Dear Chinese people," expressed at the outset profound esteem and respect to the fallen Chinese heroes in the present conflict.

Proceeding, it revealed that "the Japanese people are against the invasion of China. The recent anti-war demonstration in Osaka and the labour strike in the Japanese Arsenal both testify to the strong feeling of the Japanese people against fascism and aggression."

"As a result of this anti-war movement," the letter stated, "about 3,000 members of the Association were placed under arrest last September, and 370 more on December 15."

"Despite this high-handed policy adopted by the Japanese authorities, the spirit of the organisation

is still undaunted and their activities will continue unabated."

The letter expressed the belief that to check Japanese aggression and to end the present hostilities, collective action taken by international bodies is necessary.

It also disclosed that the sympathy of the Japanese reserve units and the Japanese Youths' League is with China and that all Japanese merchants and business men in Shanghai, Peking and Hankow are strongly opposed to the China campaign.

Concluding, the letter sought the co-operation of the Chinese people to eliminate fascism.—*Central News.*

TAIKOO BALL SUCCESS

Decorative Effects Brilliant

LARGE ATTENDANCE

A myriad of multi-coloured lights, cunningly hidden among streamers, flags and emblems, coupled with lovely music and an atmosphere in keeping with the occasion, transformed the Tarkoo Club ballroom into a veritable fairyland on the occasion of the Club's annual dance last night. The decorative effects revealed an ingenuity seldom surpassed locally and contributed in no small measure to the success of the evening.

The Supper Room and the "Oil Store" (otherwise the refreshment bar) were also bedecked for the occasion.

At the far end of the room, near the band, was the Club's emblem arranged in as strikingly effective scheme in flowers and concealed lights. On either side of the emblem were festoons of flowers, marked "1937" and "1938" respectively.

Perhaps the most beautiful part of the whole scheme of decoration was the flood-lighting of the ceiling. This lighting was constantly varied in colour.

Over 240 people sat down to supper, which was partaken about midway through the function. Mr. J. R. Mason, President of the Club, and Messrs. R. H. Phillips and J. Finnie, Vice-Presidents, were among those present.

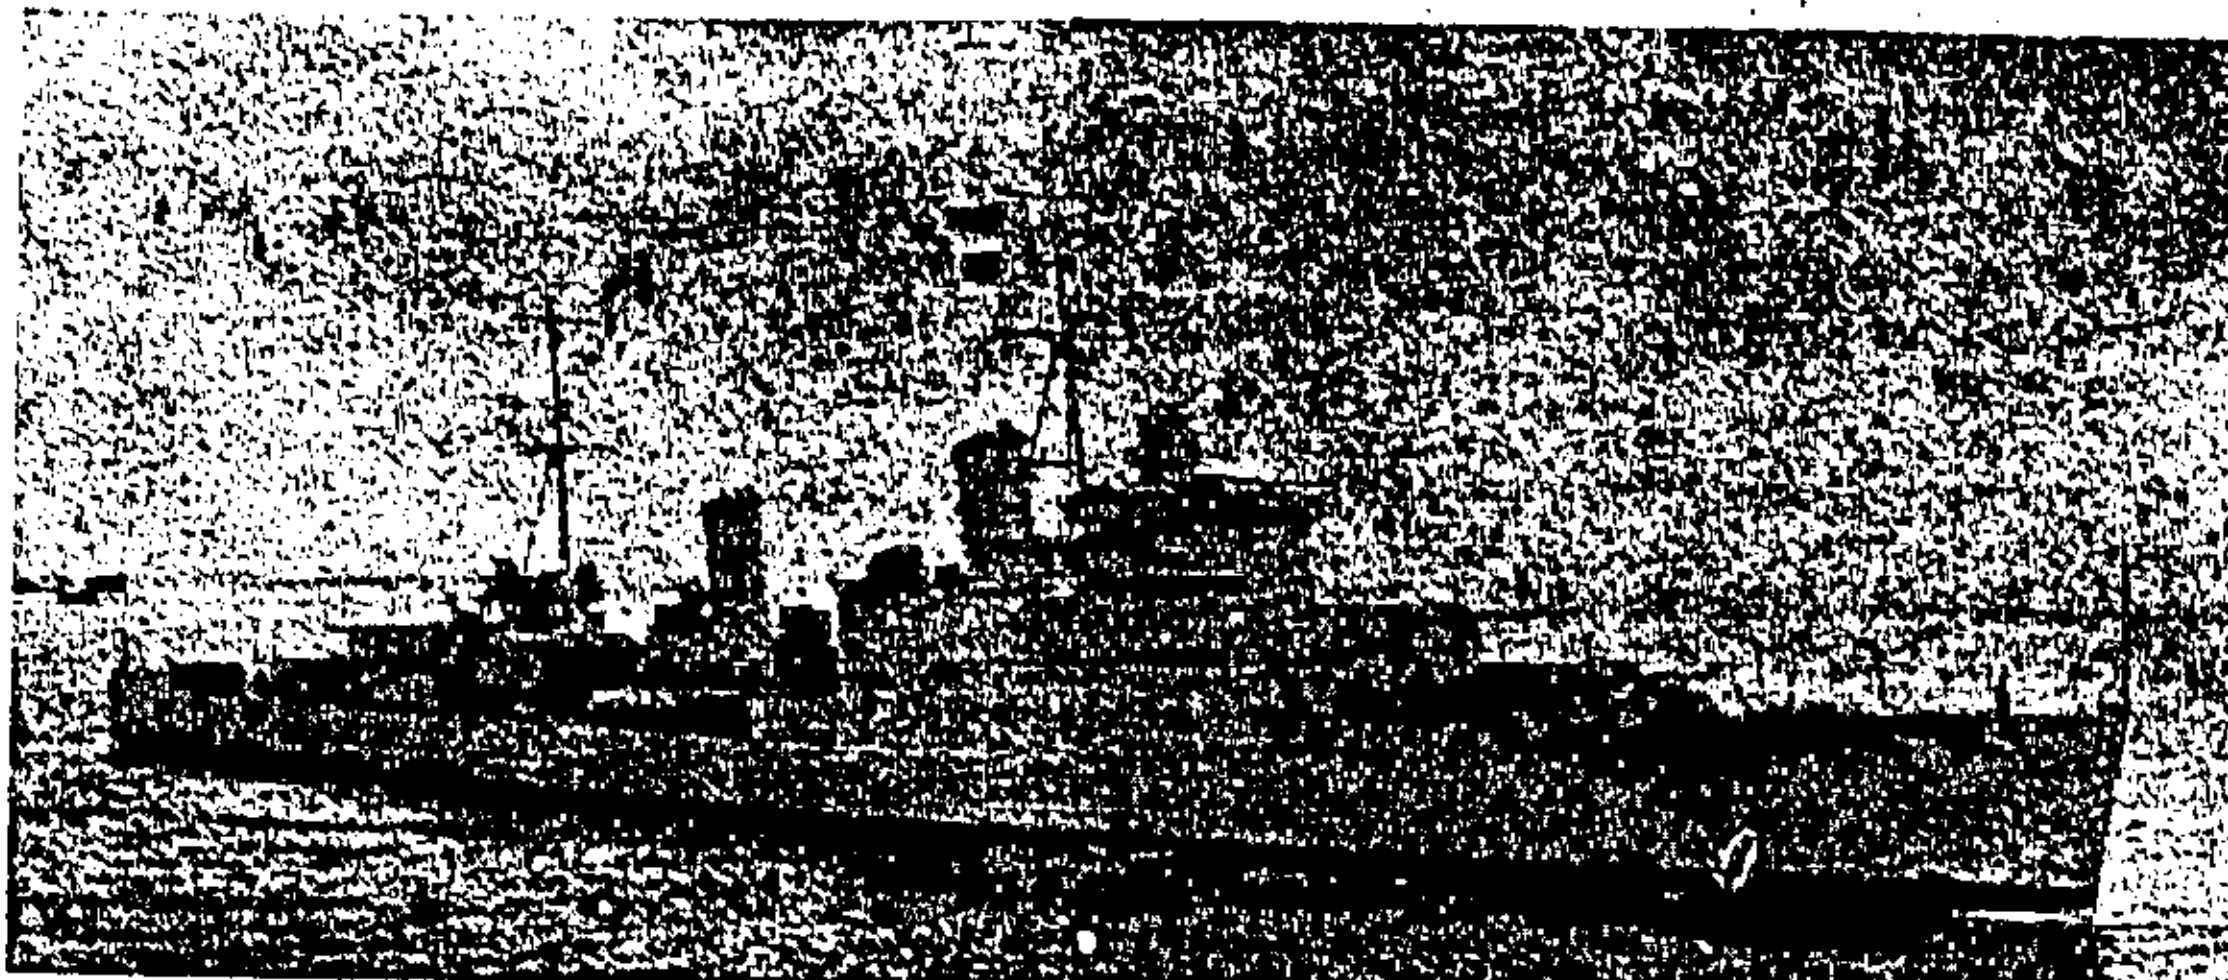

Dance music was supplied by the Hong Kong Hotel Band, and dancing was continued until the early hours.

The catering was also carried out by the Hong Kong Hotel. We have been asked not to publish the names of the individuals responsible for the decorations and general arrangements; suffice it to say that the General Committee of the Tarkoo Club are deserving of high praise for their work in making their 1938 Ball one of the most successful functions of the series which has now come to be regarded as one of the leading social events of the Colony.

NEW CRUISER FOR CHINA STATION

The new cruiser Birmingham which completed to full crew at Portsmouth recently for the China Station is due here shortly. She will take the place of the Cornwall, which has been allocated to the 2nd Cruiser Squadron, Home Fleet. The Birmingham is commanded by Captain C. F. Harris, who joined her in August after being Director of the Naval Air Division. She is the last of the four cruisers of the 1934 programme to go into service, the others being the Glasgow and Sheffield.

NAVAL TREATY TO BE DENOUNCED

LATEST BOMBING PLANES FOR HAWAII

Washington, Jan. 21. The United States Army has ordered a squadron of the latest bombing planes to be transferred by water from California to Hawaii as from February 1 for the purpose, according to the War Department, of building up the wing components of the general headquarters of the air force in the Panama and Hawaiian Departments.—*Reuter.*

NAVAL BASE AT HAIPHONG

France's Rumoured Intention

Paris, Jan. 21. Political circles here manifest considerable uneasiness concerning the increasing influence exerted by Japanese in Bangkok. In this connection it is recalled that the renewal last November of the Franco-Japanese Treaty of commerce and friendship originally concluded in 1925 encountered great difficulties which were finally overcome only with the help of Britain.

It now transpires that the French and British naval authorities have drawn up new plans for co-operation of the fleets of the two countries in the Far East with particular regard to reciprocal utilisation of the naval bases at Singapore and Saigon.

It is also rumoured that the French Government intends to transform the port of Haiphong in the Gulf of Tongking into a base.

TIME BOMB PLACED IN JAPANESE LINER

SCHOOL TEACHER FOUND DEAD IN HARBOUR

Seattle, Jan. 21. The Japanese liner, Hiye Maru, was moved from her moorings after the police had reported the detention of a man who said that a bomb had been planted aboard the Hiye Maru with a time clock to blow up the vessel.

A friend of the arrested man was found dead in the water near the liner a few hours earlier.

A British Columbia school teacher is the dead man found in the harbour. He was alleged to have been hired by an unnamed Oriental government to place a time bomb in the Hiye Maru.

The arrested man is George Partridge, twenty-two years old, who the police state told them had helped his friend to wire the clock for the time bomb which they carried in a suitcase to the wharf. His companion undressed and placed the suitcase on a railway sleeper with which he began swimming to the ship's side. The body was found some time before the arrest of Partridge beneath the pier where the liner was berthed. The police are searching for the suitcase and are trying to determine how the man died.—*Reuter.*

To Allow Of Bigger Ships To Be Built

JAPAN'S PROGRAMME WATCHED

London, January 21. The "Manchester Guardian" Washington correspondent declares that it is semi-officially admitted in that city that the London Naval Treaty, fixing a 35,000 ton limit for battleships will soon be formally denounced to allow Britain, the United States and France to build bigger capital ships.

Diplomatic conversations that are going on leave no doubt that the step will be taken but the date has not yet been fixed. The "Manchester Guardian" points out that the United States will be faced with a particularly difficult problem if she were forced to build bigger battleships which will not be able to pass the locks of the Panama Canal which will thereby lose its strategic value.

Contrary to American reports, no exchanges have yet occurred between Britain, the United States and France and it is gathered that none is likely until Sir Robert Craigie's report has been received and the Japanese intentions are made known. It is pointed out that in the event of any non-signatory Power exceeding the thirty-five thousand ton battleship limit, it will be possible that signatories will invoke the Escalator Clause of the London Treaty but the question does not arise until the position is clearly known.—*Reuter.*

NO MORE AIR FORCE DISPLAY AT HENDON

London, Jan. 21.

The annual Royal Air Force display at Hendon will not be presented in future. The display has been looked forward to as one of the events of each year since 1920.

The reason for discontinuing the display is that the increase in the evolutions of aeroplanes makes it impossible in the restricted space at Hendon while the airfield is not large enough for the latest types of big planes to take off or land.—*Reuter's Bulletin Service.*

THE WEATHER

The report issued by the Royal Observatory yesterday indicates that at 10 a.m. yesterday the temperature was 61 degrees, with humidity at 77 per cent, whilst the barometer was 30.14 inches. Yesterday's maximum and minimum temperature was 64.9 and 57.0 degrees respectively, the reading being taken at 4 p.m.

The maximum temperature on Wednesday was 73 degrees, with a night minimum of 60°.

No rain was recorded during the 24 hours ended at 10 a.m. yesterday. The total rainfall since January 1 is 32 inch, against an average of 53.

The anticyclone over China continues to increase in intensity, pressure being now highest to the north of the Yangtze Valley. The depression, which continues to be shallow, covers the whole of Japan.

North and north-east winds, fresh, cloudy, is the local forecast for to-day.

SPANISH INSURGENTS BOMB BRITISH SHIP

FOUR KILLED AND SEVEN WOUNDED

London, Jan. 21.

The bombing attack on the British steamer "Thorpence" by Nationalist aeroplanes yesterday, in the course of which four members of the crew were killed and seven wounded, is featured prominently in all this morning's papers. The steamer was at anchor in Tarragona harbour when an air raid was carried out and the vessel was also used as a target by the Nationalist aviators. Comments on the incident are being withheld as authoritative information has not yet been received.—*Transocean.*

FOUR KILLED

Barcelona, Jan. 21. The official list of casualties in the steamer Thorpence is four killed and three missing. Seven were wounded of whom the condition of two is grave.—*Reuter.*

DISCHARGING COAL

London, Jan. 21. During a Spanish Insurgent air

raid on Tarragona, 50 miles south-west of Barcelona, yesterday, a British steamer, Thorpence, 4,798 tons, which was discharging coal in the harbour, was hit by bombs. Two of the crew were killed outright and five others are missing, believed to have been killed. Seven are in hospital with serious injuries.—*British Wireless Service.*

CHINESE STATESMAN PASSES

Shanghai, Jan. 21. One of China's most distinguished and prominent personalities, the Honourable Bing Chung-wan, died at his residence in Shanghai yesterday aged 76.

His entire life was devoted to serving his country in a diplomatic capacity. The Hon. Mr. Bing Chung-wan was the recipient of a number of foreign decorations, in recognition of his services.—*Reuter.*

DEBUT IN LOCAL BADMINTON

Miss Nancy Eardley, of Shanghai, sister of Miss Decima Eardley, the Interport hockey player, made her debut in local badminton last night when she turned out for the Free Lancers against the University in the Mixed Doubles League at the Ku-Tung-San Gymnasium. She was partnered by A. L. Fisher.

REFUSAL TO LOAD

N.Y.K. Ship Will Sail Without Cargo

Middlesborough, Jan. 21. Stevedores to-day refused to load the N.Y.K. Haruna Maru with Teeside iron and steel goods as a protest against Japan's Eastern attitude. The strike was entirely unofficial. The men refused to work despite appeals from their leaders. The agents declare that the ship will sail on schedule even without the cargo.—*Reuter.*

JAPANESE CAPTURE HOHSIEN

Hankow, Jan. 21. It is reported that Japanese forces on January 19 captured Hoshien, 25 miles north-west of Wuhu, on the opposite bank of the Yangtze River. Apparently the Japanese forces intend to advance westward towards Chaohsien on the east shore of the Chao Lake and probably continue its march westward towards Hefei.

Hoshien was much in the news after the bombing and sinking of the U.S. gunboat Panay on Dec. 12.—*Reuter.*

CIVIC RECEPTION

Sydney, Jan. 21. Sir George Broadbridge, former Lord Mayor of London, who represents the Corporation of the City of London at the 150th anniversary celebrations in Australia, was given a civic reception in Sydney to-day. Sir George said, "London's relations with Australia are not only cemented by sentiments but by trade and finance."—*Reuter's Bulletin Service.*

Closer Sino-Soviet Contact Envisaged

Moscow, Jan. 21.

Diplomatic circles attach great importance to the arrival of the Chinese delegation headed by Dr. Sun Fo.

Dr. Sun Fo has already had several conversations with Soviet authorities. His aim is to extend Sino-Soviet relations, but he has not yet been able to see Stalin owing to Stalin's pre-occupation with business with the Supreme Council which was concluded yesterday.

Dr. Sun Fo's prestige here, owing to his father's Leftist views and Dr. Sun's own Soviet sympathies, is believed to enhance the mission's chances of success and his appointment as Ambassador in succession to Mr. Ting-Fu Siang, who was recently recalled, is believed like by *Reuter.*

CATHOLIC NEWS AND NOTES

The Pope's Day

There is a melancholy interest attached this year to the "Pope's Day," which is celebrated in Hong Kong to-morrow, because of the present Pope's insistence that his end is near.

In spite of the remarkable recovery which His Holiness made from his illness last year, and in spite also of the denials of the rumours that his health is very bad, there is no denying the fact, nor is there any attempt to deny it, that the Pope is no longer the robust man that he was a few years ago.

Now on every big public occasion he is accustomed to remark that it is probably the last time that he will take part in it. When he gave the final audiences at his summer residence at Castel Gandolfo he said this, and he repeated it at the last Consistory which he held before Christmas for the creation of new Cardinals.

On the latter occasion, speaking to the Cardinals, he told them that in all probability before very long one of them would be called upon to take his place. Those who were present at that function remarked at the frail appearance of the Pope, a term that those who saw him in the past find it very hard to associate with him.

In connection with the observance of the "Pope's Day," there will be solemn High Mass in the Catholic Cathedral to-morrow morning at 8 a.m., and special prayers for the Pope will be offered in all the churches. The church collections on this day form the traditional offering of "Peter's Pence" which is the gift to the Pope of the Catholics of the Vicariate.

THE CONVERSION OF ST PAUL

In the course of the coming week, on Tuesday, there is celebrated the feast that recalls the Conversion of St. Paul on the road to Damascus. Scholars debate about the year of this event, but there seems to have been good authority for regarding last year as the nineteen hundredth anniversary of it.

The journey of one hundred and ninety miles from Jerusalem to Damascus which is now made in one day, on the roads built since Palestine came under the British mandate, used to take twelve days previously and must have taken much longer in St. Paul's day, even if, as seems likely, he travelled by camel.

Damascus is in that part of Syria which is now under the French mandate, and it is probable that the spot where St. Paul's conversion occurred is also in this territory, as the frontier is several miles from the city.

The transformation which took place in St. Paul on the day of his conversion is a matter of history, and he himself of his conversion was even more remarkable than his suddenness. From the time that his name occurs in the sacred writings it appears on almost every page, and each incident that is recorded shows Paul in action, carrying on the campaign for Christ's cause to which he devoted himself for the rest of his life.

THE ENGLISH SCHOOLS

Two of the best known English Catholic Schools, Ampleforth and Stonyhurst, have been in the news recently, Ampleforth because some of its students met with exceptional success at some experiments in excavation, and Stonyhurst because the astronomical observatory attached to it had reached its centenary. The two Colleges are in adjacent counties, Yorkshire and Lancashire, and one is a Benedictine and the other a Jesuit institution.

The Ampleforth students have for some time past been carrying out excavations under the direction of a member of the Yorkshire Archaeological Society, as the neighbourhood has proved rich in treasures of the past and was able to provide a stimulus to those who had some interest in archaeology.

Two mounds near the neighbouring village that had the appearance of being "barrows," or ancient burial places, were recently opened and the contents proved valuable beyond expectation.

The fact that they were genuine tombs was proved by the presence of skeletons, but what was more interesting was the discovery of food vessels, urns, flint tools and other articles, dating according to

THE STONYHURST OBSERVATORY

As the study of astronomy is traditional among the Jesuits the presence of an astronomical observatory at the Jesuit college of Stonyhurst should not cause any surprise. This particular observatory, however, began in such a small way a hundred years ago that there seemed very little likelihood that it would develop to its present dimensions.

The high reputation which the observatory now possesses in the scientific world is due to the fact that it was very fortunate in having several eminent directors. Fr. Perry S. J. was one of the best known astronomers of his day. He did valuable pioneer work in connection with eclipses and his death occurred while he was on a government expedition to take observations during an eclipse.

Another Director, Fr. Cortie, S.J. did much to popularise astronomy throughout England by his popularity as a lecturer, but he also left behind a great record of useful work.

Though the observatory has been mainly devoted to astronomical work it has also included scientific research in other fields, especially seismology in recent years. The meteorological station which is under the aegis of the observatory is one of the best equipped in England.

CHRISTIAN SCIENCE LESSON SERMON

SUBJECT: TRUTH

The subject of the Lesson Sermon in all Churches of Christ, Scientist, to-morrow Jan. 23rd will be: Truth.

The Golden Text will be: "Thou, O Lord, art a God full of compassion, and gracious, long suffering and plenteous in mercy and in truth." (Ps. 86).

Amongst others the following citations will be read from the Bible "I will praise thee, O Lord, among the people: I will sing unto thee among the nations. For thy mercy is great unto the heavens and thy truth unto the clouds. In the Lord shall all the seed of Israel be justified and shall glory." (Ps. 57, Isa. 45).

The following citations will also be read from the Christian Science Textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy "Christian Science brings to light Truth and its supremacy, universal harmony, the enticement of God, good and the nothingness of evil. Because Truth is infinite, error should be known as nothing. Because Truth is omnipotent in goodness, error, Truth's opposite has no might. Evil is but the counterpoise of nothingness. The greatest wrong is but a supposition opposite of the highest right. The confidence inspired by Science lies in the fact that Truth is real and error is unreal." (Pages 293, 367).

That SORE THROAT is Dangerous

GET your sore throat well before something more serious follows, such as laryngitis, quinsy or influenza. Start taking Peps regularly and you'll also keep free from coughs, colds and chills.

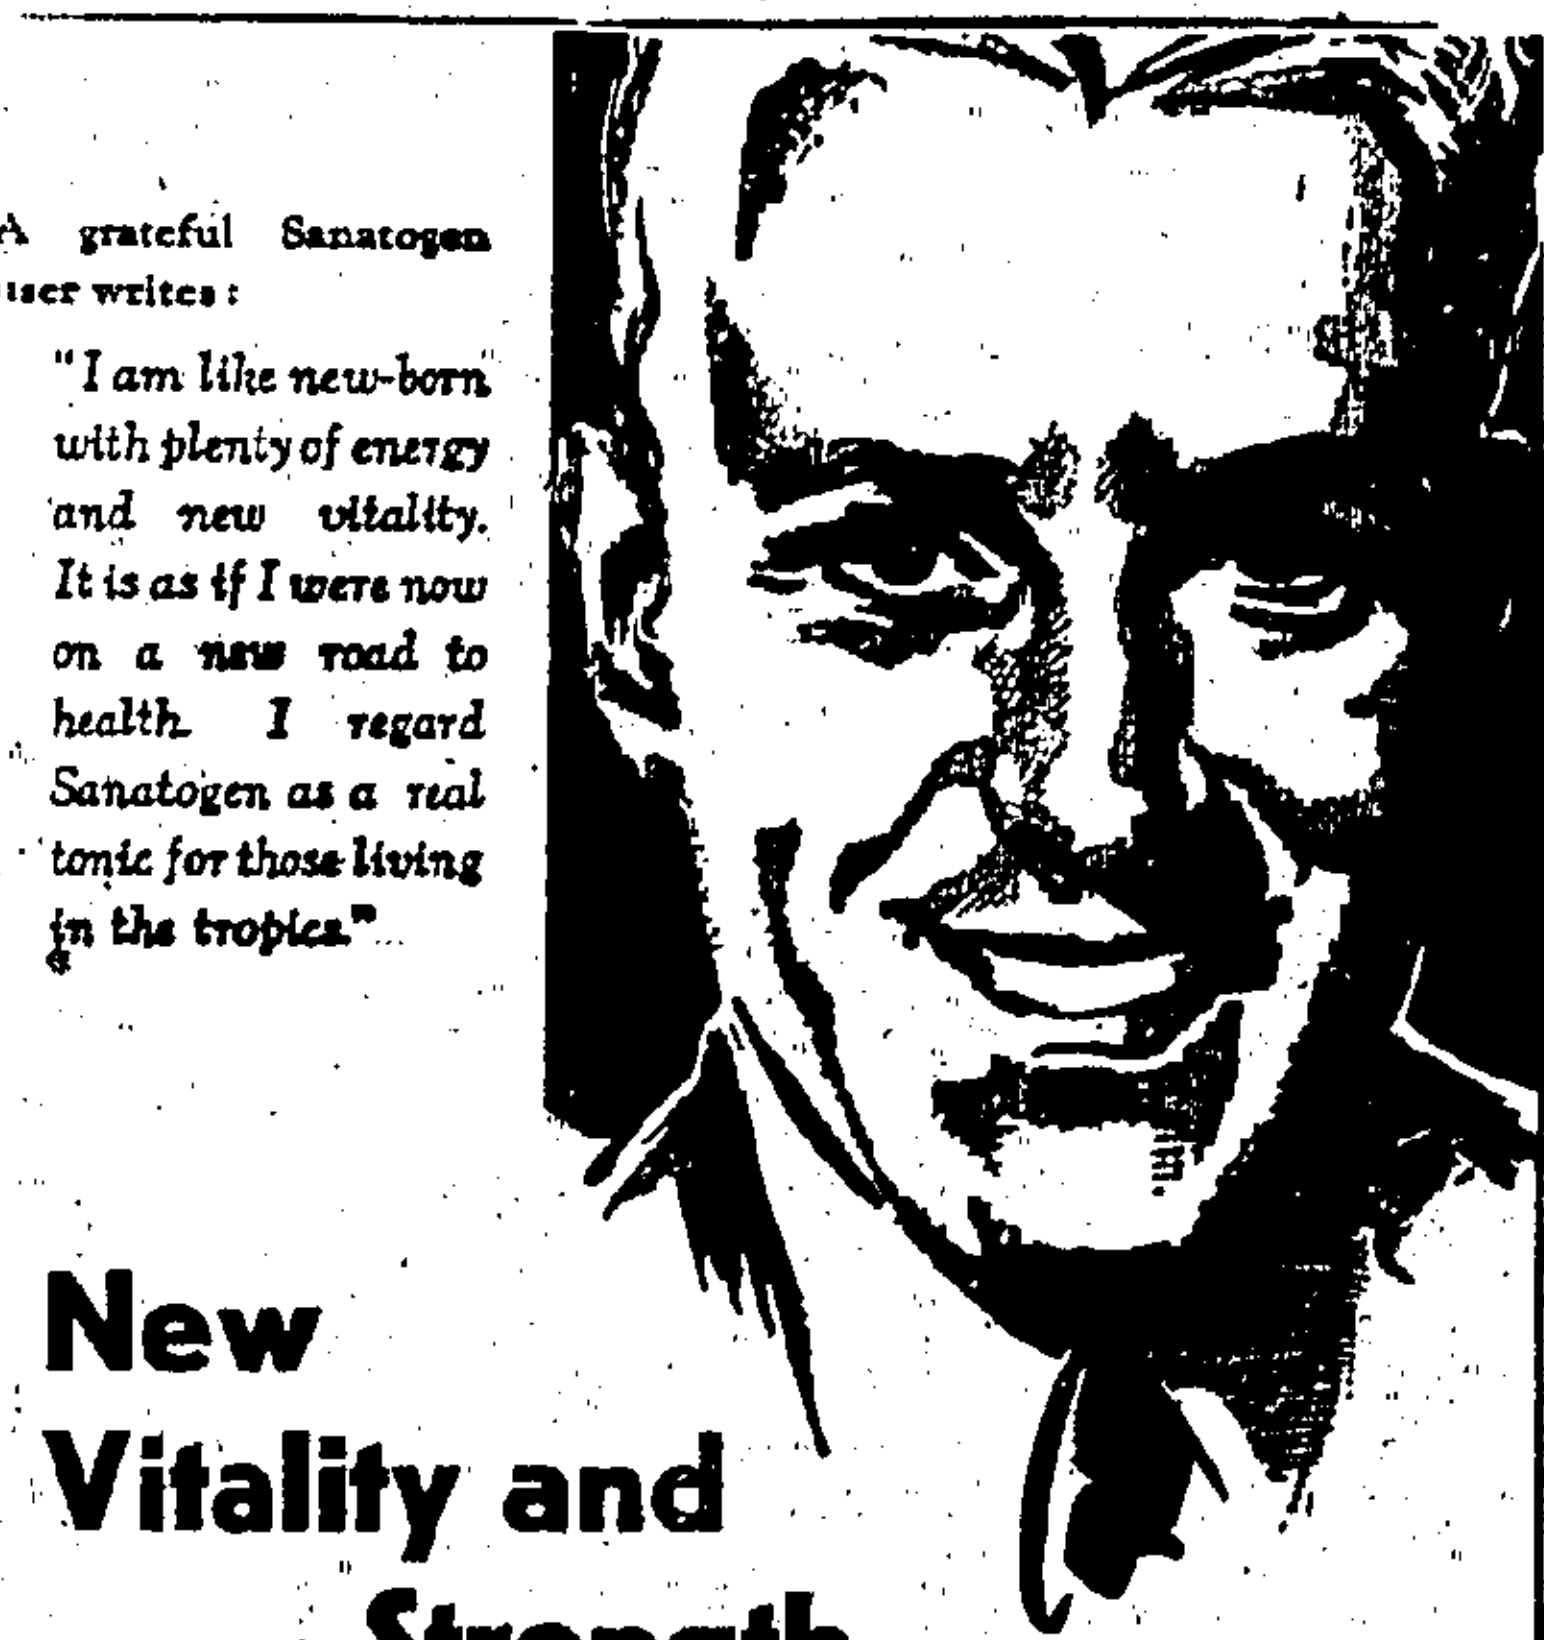

A Peps, dissolved in your mouth, releases rich, medicinal essences which are breathed deep into your chest and lungs. Thus Peps overcomes any infectious germs lodged in your throat and larynx. They soothe and heal the irritated membrane of the throat, reduce inflammation and invigorate the entire bronchial system. Peps are far harder and more lasting than gargles. Just try them!

CAFE METROPOLE

A gay and lightsome continental romance, luxurious as orchids on ermine, smart as the Rue De la Paix, merry as the third glass of champagne, romantic as moonlight on the Seine, "Cafe Metropole" is showing at the King's Theatre with Loretta Young, Tyrone Power and Adolphe Menjou in the starring roles.

Against the background of gay Paris and the Continent's most luxurious rendezvous, the screen's most exciting lovers play love's most exciting game, while M'sieu Menjou throws away the rule book and Gregory Ratoff, Charles Winninger and Helen Westley join in the fun.

"Cafe Metropole" gets off to a lively start in the smart Parisian spot of that name, where, presiding suavely over his restaurant, Adolphe seems untroubled by the possibility that auditors will arrive in a few days and discover that the cafe accounts are short of 480,000 francs which he has borrowed.

TOPPER

The Hal Roach-M-G-M. super-feature comedy, "Topper," opening to-day at the Majestic Theatre, streamlines spectacularly into the ultra-modern and futuristic realms of entertainment.

Luxury and richness provide the background for the fast-moving action and hilarious humour of the new picture, based on Thorpe Smith's delightful novel of whimsy, wit and satire.

Co-starring Constance Bennett and Cary Grant, with Roland Young as "Topper," and a supporting cast which includes Billie Burke, Alan Mowbray and Eugene Pallette in featured roles, it provides Director Norman McLeod with outstanding players to enact the astounding and ribald adventures and the merry mirthquake of episodes.

ANOTHER GLASGOW "GANG SHOW"

Inspired by success of their last "Gang Show," Scouts and Rovers of the city of Glasgow are to stage another Glasgow "Gang Show" shortly.

The King's Theatre has been booked for a week in February and rehearsals have already begun, with the old hunt for first-class talent as strong as ever.

To encourage them and give them a standard to live up to, the Glasgow men have been seeing Ralph Reader's "Gang Show" at a cinema in the city.

Whether this means that their 1938 show will have any of the London ideas or not, or whether they will try to "outgang" the original "Gang Show," remains to be seen, but it promises to be as good as anything they have yet done.

PHYSICAL TRAINING HELPS ATTENDANCE

Vernacular Schools' Good Year

EXAMINATION AND SPORTS SUCCESSES

The high percentage of attendance was partly due to the introduction of physical instruction into the curriculum, said Mr. Li Hing-hong, headmaster of the Government Vernacular Middle School at the annual Speech Day of the school yesterday.

The function was largely attended, among those present being Mr. Y. P. Law and Mr. S. W. Liang (Inspectors of Vernacular Schools), Prof. Ma Kan, Mr. P. K. Kwok and Mr. Chan Kwan-po.

The headmaster said:

"I have the pleasure of welcoming to this school this morning our old friend, Dr. S. W. Tso, who has kindly come to give away our certificates and prizes. In his capacity as one of the oldest members of the Board of Education, it is needless for me to mention that he has long been a keen supporter of education in the Colony in general, and of Chinese education based on our own culture in particular. So I am sure I am voicing the pleasure of my staff and boys when he honours us again with his presence at such a function."

PHYSICAL EDUCATION

"Our work of the preceding year, I am glad to say, has been steady and successful. Apart from examination results, our average attendance has reached the gratifying percentage of 98.08, a significant indication of our boys' regularity at work and devotion to their studies.

"To account for this high percentage of attendance, however, we cannot overlook the precautions taken and medical assistance rendered by the Health Officers for Schools as well as the introduction of physical instruction into our curriculum at the beginning of 1937.

"In the sphere of sports we continued to make the best use of our small playground at school for the training of our Volley Ball players; and though unable to attain the same degree of success as in the past, our Senior Team could manage to win six out of the eleven matches they played in the Inter-school League.

But owing to the difficulty that only distant grounds were available to them for practising Football, our boys had to be contented with inter-class matches in this game. As to the younger ones in the primary Division they are encouraged to play Pingpong during their leisure periods.

EXAMINATION SUCCESSES

"In June the four boys in Class Higher Middle III entered for the School Certificate Examination conducted by the University, and three passed, one gaining honours and one distinction, and another winning three distinctions chiefly in Mathematics.

"As these boys attended Class I of King's College for Physics and Mathematics for the purpose of sharing the benefit of the up-to-date laboratory there, a word of thanks is due to its headmaster and staff concerned.

"All the ten boys in class Higher Middle II sat for the Class II Certificate Examination held by the Education Office, and seven turned out successful in spite of the fact that we decided to send our boys for this examination two months after the beginning of the school year, which involved some change in their text books.

LORD BADEN-POWELL DUKE OF WINDSOR'S FIRST CAP

Lord Baden-Powell has abandoned his trip to the Union of South Africa and to Northern and Southern Rhodesia following an attack of lumbago and bronchitis on the voyage out from England.

The communiqué from Nairobi making this announcement states that, although these complaints were not serious and he is now better, it has been deemed advisable to cancel Lord Baden-Powell's further plans to see his family in Rhodesia, since his doctors advise him against long, tiring journeys with frequent variations in climate.

Lady Baden-Powell is flying to Rhodesia alone for a short visit in February. Lord Baden-Powell is remaining in Kenya until he returns to England in April. He left London on November 25.

A tiny white cap that looks as though it was specially made in the nineteenth century for some favoured baby doll is one of Queen Mary's recent loans to the London Museum, and it is now on view there to the public. It was made for the Duke of Windsor.

This cap is composed of top entirely of elaborately arranged loops of narrow, white baby ribbon, mixed with fine white hand-made lace, so that the cap, from a distance, suggests the stiffly beaten whites of eggs. Attached to each side of the cap is a long, white satin string to the under chin.

The Duke wore this cap in 1894 when he was only a few weeks old, but he must have outgrown it quickly as the ribbons and lace are uncrumpled and still look almost new.

THE SERVICES

(By the Air Mail, London, January 8).

ROYAL NAVY

CHANGE IN COMMAND OF RESOLUTION

Captain Sir Lionel Sturdee, A.D.C. who is now third from the top of the captains' list, will relinquish command of the battleship Resolution, in the 2nd Battle Squadron, Home Fleet. He is to be succeeded by Captain J. W. S. Doring, who will transfer to the Royal Sovereign when she recommissions.

CADETS' SEA TRAINING

H.M.S. Vindictive, Captain E. J. Spooner, D.S.O., left Chatham on January 14 for her second cruise as training ship for cadets. She is to proceed to the West Indies, and her first port of call will be Tortola, Virgin Islands, from January 23 to February 3. Her programme will also include visits to Antigua, Granada, and Barbados, and she will leave the last-named on March 18 for Chatham, arriving on April 6.

1937 CONTRACTS

Contracts are expected to be placed very soon for 12 new ships, to complete the construction programme in the 1937 Navy Estimates. These are for eight destroyers of the Laforey class, which will be of similar design to the Javelin and Kelly classes, ordered last year; the destroyer depot-ship Tyne; and the patrol vessels Guillemot, Pitfall, and Shearwater, which will be of the Kingsfisher class, of about 565 tons, with one 4in. gun each.

COMMANDER HUSSEY

RETIRED

Commander T. A. Hussey, who has been relieved by Commander G. F. Burdard, from the staff course in command of H.M.S. Fury, in the 6th Destroyer Flotilla, Home Fleet, has retired at his own request after 27 years in the Navy. He was among the cadets who went to sea direct from Dartmouth College when the War began, joining the battleship Vengeance. Later he served as midshipman and sub-lieutenant in the battleships Collingwood and Queen Elizabeth, and the destroyer Dec. Promoted to lieutenant from February, 1919, he served in the Constance and Mackay, and from 1925 to 1927 was employed in the instruction of special entry cadets in the Thunderer and Erebus. Later he commanded the destroyers Wanderer, Anthony, and Comet, and was promoted to commander in 1933. He was Maltese Commandant at Hong-kong in 1934-36.

THE ARMY

SCHOLARSHIPS FOR SONS OF OFFICERS

It is announced that about six Gill Memorial Scholarships and Exhibitions at Brighton College are offered for competition among sons of Army officers.

Candidates will take the ordinary June common entrance examination at their own preparatory schools. Admission to compete for the scholarships and exhibitions is by nomination, and candidates must be under the age of 14 on June 1, 1938, and the sons of officers who held or have held a commission in the Regular Army, or falling such candidates, the sons of officers who held or have held a commission in the Reserve or auxiliary military forces.

The annual value of the Gill Memorial Scholarships and Exhibitions ranges from £75 to £30, thus reducing the amount payable by a parent or guardian to between £75 and £120 inclusive of necessary extras. Scholarships and Exhibitions are tenable for three years, but the period may, on the recommendation of the headmaster, be extended to four years. Successful candidates will enter Brighton College at the end of the summer holidays.

Applications for nomination by the War Office (accompanied by birth certificate and certificates of conduct covering the previous two years) should reach the Under-Secretary of State (C1), the War Office, London, S.W.1. not later than April 30, 1938.

ROYAL AIR FORCE

STATION COMMANDS

Group Captain H. W. G. J. Pennington, M.C., A.P.C., promoted in the New Year list, is appointed in command of the School of Naval Cooperation, which was moved recently from Lee-on-the-Solent to Ford, near Arundel. He is succeeded in command of the air station at Kenley by Wing Commander W. K. Mercer, from Turnhouse station, Edinburgh, where Wing Commander G. S. Oddie takes over command.

HEADQUARTERS IN IRAQ

Air Headquarters, Iraq Command, will close at Hinaldi and reopen on January 8 at the new air station at Dhibban, erected to take the place of those which are being vacated in accordance with treaty requirements. No. 3 Section of No. 1 Armoured Car Company closed at Hinaldi and reopened at Dhibban on December 13; and the R.A.F. General Hospital on December 15.

ROBBERY CHARGES

A charge of armed robbery was preferred on three unemployed men, Cheung Kwok-ming, Wong Yan and Lui Tim, when they appeared before Mr. K. M. A. Barnett at the Kowloon Magistracy yesterday. It was alleged that defendants, with others not in custody, entered No. 22, Po Kong Road, ground floor, and being armed with two knives and wire, attempted a robbery.

Inspector F. T. J. Portallion, applied for a remand for three days which was granted.

ANOTHER CASE

Appearing on a robbery charge before Mr. Barnett yesterday, Fong Kin-fat, aged 18, unemployed, was also remanded for seven days on the application of Inspector H. E. Rogers.

It was alleged that defendant used violence on an inmate, Chan Kwan-tai, married woman, whom he robbed of a leather purse containing, among other articles, a sum of six dollars.

HONG KONG, JANUARY 22, 1938.

ROAD TO CANTON

Reports of the bombing of the newly-completed motor road from Kowloon to Canton may not have caused much immediate concern to residents of Hong Kong but, at the same time, while this highway is in the news, the opportunity might be taken of pointing out what an immensely important link it is between Kwangtung and Hong Kong.

Although the volume of traffic is not yet very great, it will increase rapidly as soon as peaceful conditions are restored. At the moment it might be of interest to review the events which have led up to the completion of the highway.

For years the completion of the road had been talked of but no progress was made—sometimes the British authorities were against it, sometimes the Kwangtung authorities.

Some five years ago Colonel Hayley Bell visited the Colony and tried to arrange for this road to be completed but without success.

Then, only 18 months ago, a first class contact was established between Sir Andrew Caldecott, then Governor of Hong Kong, and General Wu Te-chen, Governor of Kwangtung. To the credit of these two outstanding men it is that all differences between Kwangtung and Hong Kong have been sunk and now we hear of our great pleasure that the road is through to Canton.

Undoubtedly this is due to the excellent relationships prevailing between the Colony and the Province.

No doubt bridges will have to be built and the road metalled, because, in the piping times of peace, this link will carry a very heavy load of traffic.

While pondering this fact we feel it is our duty to point out that it is extremely doubtful if the road from Kowloon to Fanning, with its winding track, will be sufficiently safe to carry heavy traffic, and would suggest to the authorities that plans to improve this section be got under way at once.

It compares most unfavourably with the military road from Customs Pass to Clear Water Bay, which is an example of a well laid-out road with all safety precautions taken into consideration.

Several days ago we published a Government communique to the effect that the Japanese authorities had given warning that they would keep the Canton motor road under constant bombardment.

The Japanese have certainly bombed the road, but these attacks are not likely to be very effective when one takes into consideration that the Canton-Kowloon Railway has been bombed regularly for the past four months with comparatively little damage. A road can be repaired in far less time than a railway.

Most people, especially the Japanese, do not seem to realise that to bomb a target is one thing, to hit it is quite another.

It must be remembered that a machine flying at 15,000 feet at a speed of 200 miles an hour, by the law of probability, must drop a large number of bombs to be certain of hitting the object. In fact, from the reports we have read of the bombing of highways, it appears an altogether uneconomic proposition.

We wish every success to the new road and feel certain that it will greatly benefit both Canton and Hong Kong.

MURDERING CULTURE

In a short period of four months, about 133 Chinese leading educational and cultural institutions were either completely or partially destroyed by Japanese aerial bombardments or artillery, or looted and occupied by the Japanese troops. The damages are estimated roughly at \$21,823,060!

But as the Japanese aerial bombardments of the Chinese cities have been most rampant during these days, and the Japanese have been proceeding with more aggressive actions in Chinese territory, the destruction of the Chinese institutions must be more

After distributing the prizes Professor Forster gave a short address on education. He said he considered much progress had been made during the last 40 years, the

ideal now being the training of everybody, spiritually and morally, as well as in mere learning. He hoped this ideal would be reached some day. It seemed to him that the secondary schools were where pupils gained the first important stage of their depended on the standard of the kindergarten schools. He would like to see more of the latter, housed properly and well equipped and staffed. He concluded on this subject by saying that if the schools in the Colony were to improve it was important to see that the sources from which they drew their pupils were properly looked after. It was important that the system should be early reformed.

Professor Forster went on to congratulate the School on its report and also praised the dramatic performance he had just witnessed. He applauded the attention which was paid to physical training by the school authorities. As President of the Hong Kong Teachers' Association he wished to thank teachers of the school as well as those of other mission institutions for their generous help and attendance at the various meetings of the Association.

He concluded by wishing the school every prosperity and development in the Christian spirit which animated its teachers. (Applause)

"VOICE OF GUNS"

(To the Editor of "The Hong Kong Daily Press").

Sir,—The declaration by the Japanese Premier "that henceforth the voice of guns would be the only language in dealing with the Chinese Central Government" is tragically ludicrous. He displays the attitude of the unconscionable robber who is being driven by desperation to lower and lower depths of savagery. In my humble opinion, his latest threat is merely one of his characteristic arrogant effusions which is probably intended for home consumption.

I think those who have closely followed the events of the past six months will agree that Japan's guns and bombs have not been silent but that, on the contrary, they have spoken very furiously and with deadly effect. In the face of Japan's ghastly achievement of mass murder and wanton destruction to which Konoys are present with brazen pride it is difficult to imagine that his guns and bombs could do much more than what they have done.

Go ahead, Konoys, and do your worst. China is not afraid, for her capacity for suffering is boundless. Dai Nippon may plunder China but she will never succeed in enslaving her. No matter what may be the outcome of this life and death struggle, a sad fate is in store for Japan, because China is firmly determined to drag her soulless despoiler into financial and political ruin. Japan has only to "use poison gas to make her perditional character complete, and Konoys will then achieve the distinction of placing his country on the highest pedestal of infamy and degradation.

Yours truly,

S. TSANG.
Hong Kong, January 23, 1938.

than 133 in number and the damages must be far greater than \$22,000,000.

These are visible destruction and calculable damages. There are many other damages. Many schools in Peking, Tientsin and other parts of the territory now under Japanese military occupation are still being occupied and used as barracks by the Japanese troops. In addition, it must be added here that it is not infrequent to hear of the "maltreatment" and "killing" of Chinese students by Japanese troops, and this not only comes from Chinese reports but also from foreign reports, such as a Reuters report of the "massacre" of 200 students of the National Tsing Hua University (founded by the return of American Boxer indemnity) some time ago.

Most of these institutions are government and provincial institutions, and some of them are private and missionary. They were founded a decade or more ago by the untiring efforts of the founders; and as a result, these schools stood as institutions of higher learning in the nation. But they have been, either completely or partially, ruthlessly burned to the ground, or occupied and looted by the invaders.

MALAYAN REVIEW

Empire Exhibition

The fact that the Malayan Court at the Glasgow Empire Exhibition will have a floor space of 5,500 square feet of the Colonial section, and the next largest exhibitor among the Colonies, the West Indies, will have only 1,600 square feet, shows the extent of the interest the Malayan Government is taking in the exhibition.

Judging from the nucleus of the Malayan Court, which is steadily taking shape at the hall of the Malayan Agri-Horticultural Association, the Malayan exhibits ought to arouse intense interest. The work of Mr. and Mrs. Wentscher, both sculpture and paintings, gives a very realistic impression of how two of Malaya's greatest industries, rubber and pineapple, are carried on.

To those in England, whose only acquaintance with the pineapple is in the tinned form, the three large canvases prepared by Mr. Wentscher, and the models by Mrs. Wentscher, should provide very welcome enlightenment.

Half The Space

According to the proposed plan of the Colonial section, Malaya will occupy more than half the space. The paintings and sculptures of Mr. and Mrs. Wentscher will be placed in a prominent place. They will be flanked by stalls for the industries of Trengganu and Kelantan, while the F.M.S. Railways will have a stall of its own.

The whole of the Malayan section is expected to cost about \$150,000, contributed by all the State Governments. The Malayan Committee, presided over by the Hon. Mr. O. T. Faulkner, Director and Adviser on Agriculture, is responsible for the publicity literature at the exhibition.

A brief guide to the exhibits is now being prepared, which will be distributed free. A larger publication with profuse illustrations will be sold at a nominal figure.

The Malayan Information Agency will be in charge of the Malayan section, with Mr. F. de La Mare and Mr. W. N. Sands, both former officers of the Department of Agriculture, in attendance.

Mr. and Mrs. Wentscher have so far completed the pineapple section. They worked at a factory in Johore Bahru, doing the initial stages of their work, and for the last few months they have been working at the M. A. H. A. hall.

One Large Canvas

The pineapple section has one large canvas, depicting Chinese workmen employed at cutting the pineapple. The side canvases show the boiling and canning part of the work. All the canvases show a wealth of detail. Done in light shades, they present with Mrs. Wentscher's models of men at work in the foreground, a miniature factory in itself.

Mr. Wentscher is just preparing large canvases for his paintings of the rubber industry. These will cover all phases of rubber growing—trees, clearings, and men at work.

Mrs. Wentscher is hard at work on two models of Indian labourers on rubber estates. One man is shown carrying latex, while another is busy tapping a tree. For both models, two rubber tree trunks are used.

For these two life-size models, much care had to be taken as regards the strength, as they are shown stooping over their work. To ensure this, a network of aluminium angles are used, and over this the rough model is made in concrete. The finishing touches are then done in plaster.

This section will be shipped in sections to Scotland in the early part of February. Both artists will be kept very busy getting the rubber section ready for shipment somewhere in March.

After the visit of Sir Shenton Thomas, the High Commissioner, the paintings and models will be on view to the public, with the other Malayan exhibits.

PERSONAL PARAGRAPHS

Sir Edward Ellington, G.C.B., C.M.G., C.B.E., Marshal of the Royal Air Force, is expected to arrive in Hong Kong by the Imperial Airways plane on Monday.

After a short holiday in Macao, Dr. J. Heng Liu, Chinese Minister of Health, returned to the Colony yesterday morning.

Mr. S. Madrigal, well-known Filipino shipping magnate, is at present in Hong Kong on business and is staying at the Peninsula Hotel.

Sir Charles and Lady McRae, who have been residing at the Peninsula for the past month, are leaving for England via Canada by the Empress of Russia next Wednesday. Sir Charles was Sheriff of London from 1933 to 1937.

Mr. Vilas Ostananda, Siamese Government Trade Commissioner, leaves to-morrow for Bangkok by the R.M.A. Daedalus. A keen follower of the turf and owner of several ponies, Mr. Ostananda will be greatly missed at the coming annual race meeting.

On the occasion of her birthday last Tuesday, Miss Dorothy Raven gave a small party at her home in Quarry Bay, at which a few close friends were present. Every one had a very merry time. Miss Raven is the popular assistant secretary of the Travel Association.

Mr. A. A. R. (Tony) Botelho will be returning to Manila by the next Clipper. Mr. Botelho was for many years in business here as a stock broker. He is now head of Botelho, Ind., Manila.

Mr. D. Kossick, Assistant Government Marine Surveyor, has gone to Japan on a short pleasure trip. Prominent in sporting circles as the honorary secretary and treasurer of the Football Referees' Association, Mr. Kossick is also keenly interested in music, being one of the stalwarts of the Hong Kong Philharmonic Society.

Two well-known American cameramen took their equipment out to the New Territories on Thursday, last, and each "shot" about a thousand feet of our "rural life." They were Mr. Arthur Menken, of Paramount News, and Mr. Eric Mayell, of Metro-Goldwyn-Mayer. Both are Panay survivors, and their films of the bombing and sinking of the gunboat were recently shown in the Colony.

M. Michel Breal, general manager of the Havas News Agency, left for Shanghai on Thursday by the S.S. Carthage.

Many happy returns to-day to Mr. G. C. Moss, popular Fire Brigade officer and Police R.C. lawn bowls player, and Mr. E. V. Reed, the well-known hockey star.

Hearty greetings on the occasion of their birthdays to-morrow to Mrs. J. J. Forster of Messrs. W. R. Loxley and Company, and Mr. L. Gaddi of the Hong Kong Hotel.

Mr. Dale Cuthbertson, architect of the Public Works Department, has been transferred to the Malayan Public Works Service. Mr. Cuthbertson came to Hong Kong in 1934, previous to which he had served for some years in Singapore and Malacca.

Chinese Steam-Roller Presses On PROGRESS ON WUHU- HANGCHOW FRONT

Tunchi, Chekiang, Jan. 21.
Steady progress is being made by the Chinese troops now fighting on the Hangchow-Wuhu front who are mostly robust young soldiers, fresh from training, according to a Central News Agency correspondent who toured the Chinese line during the last few days. The line extends from Hangchow in the east to Wuhu in the west, passing through Yuhang, Wukang, Anchi, Szean, Kwanfeng and Hsuanfeng and measuring approximately 300 kilometres in length.

Since the fall of Nanking and Wuhu up till January 15, the Chinese forces had been on the defensive, but since January 16 after the arrival of reinforcements and redisplaying of the troops, a counter-offensive has been launched.

CHINESE CLOSING IN
Gradually, but steadily, the Chinese forces are closing in on the Japanese at Hangchow and Wuhu, the two most strategic points on the whole front. Fierce street fighting was going on last night at Wanchih, the gateway to Wuhu, on

land, whilst Anchi, important town on the Chekiang-Anhui border was retaken by the Chinese column operating there, which is pushing down to Hangchow to assist in the attempt to recapture the city.

In the Hangchow area where there were previously as many as 20,000 Japanese troops, only between 4,000 and 5,000 are left. Of these about 500 are stationed around Fuyang, and 1,000 around Yuhang. Peace and order in Hangchow city is maintained by a unit of 300 Japanese gendarmes.—*Central News.*

JOSS WATER AND BIRTH CONTROL PILLS

Story Of A Pain In The Chest

Accusations and counter-accusations were exchanged between defendant and complainant at the Central Magistracy yesterday when, before Mr. R. A. D. Forrest, Li Tai, 47, married woman, was charged with theft by false pretences of a gold medal on November 2, 1937.

Complainant was Lo Kim, 30, married woman, residing at No. 190 Queen's Road West; and Detective Sergeant J. Allen.

The facts as alleged by the complainant were that on October 28 she was suffering from a pain in the chest and said so in the defendant's hearing. The latter told her she could cure her by giving her some joss water and pills. She asked for \$18.60 which complainant paid over on October 30. In addition complainant gave her \$4 and \$8.10 for various foods with which to "worship joss."

Later defendant asked for a lucky gold medal and complainant bought one for \$31 and gave it to her on November 2. Defendant promised to return this in two months' time when her pain was cured.

DENIED KNOWLEDGE

On December 31 complainant went to the address where she had removed. One of the tenants took her to defendant's new address and there complainant asked for her medal back. Li promised readily that she would return it eight or ten days later, as there was no move from her, complainant again went to see Li and she now denied all knowledge of the affair. In reply to the magistrate complainant said her pain did not in fact get better.

Defendant, in cross-examination, alleged that the whole business had been instigated by the principal tenant of the floor in which she first stayed. This woman, according to her, had a grudge against her and had once accused her of attempted arson.

Complainant retorted she knew nothing of this and no one had incited her in the prosecution.

The principal tenant, Leung Sham-lam, was then called. She said defendant had stayed with her for two months and during that period they had had quarrels over rent. She had made a report at No. 7 Police Station as the result of which defendant had been advised to move out. She did not, however, bear the woman any grudge, nor, so far as she knew, did the complainant. She had neither asked complainant to prosecute defendant, nor to go to the Secretary for Chinese Affairs.

At this stage hearing was adjourned for 24 hours.

Urged For At Least First Year Of Marriage

The suggestion that birth control should be practised by all young wives for at least the first year of marriage was made by Mr. L. C. Rivett, obstetric surgeon to in-patients at Queen Charlotte's Hospital, when lecturing recently at the winter school for health visitors and school nurses at Bedford College for Women, Regent's Park, London.

"When a woman is going to embark upon motherhood she should consider what she is letting herself in for," he said. "I myself do not consider pregnancy a normal physiological process, as some people seem to think it ought to be. To my mind it is obviously a very great complication."

"It seems to me that it would be very much wiser if in the course of the development of education we could arrange things so that a woman does not embark upon pregnancy until she has completely settled down to her new life and until she has learned how to manage her own home."

"It would be an extraordinarily valuable advance in the race if we could have girls, before they were likely to get married, instructed fully in contraception with the idea that it should be practised for the first year of marriage."

Among English girls the years between nineteen and twenty-five were the best for having a first child, Mr. Rivett added, and he said that he favoured birth control for the proper spacing out of families.

Five cases of small-pox (three from Victoria and two from Old and New Kowloon) are reported in the latest official returns for the 24 hours ended midnight, Jan. 20.

In the same period there were two cases of diphtheria (Kowloon), two cases of enteric fever (one Victoria one Kowloon), one case of meningitis (Shaukiwan) and three cases of dysentery (two Victoria and one Kowloon).

BOYCOTT CRUSADE

The attitude of the British Trade Union and Labour movements towards the boycott of Japanese goods is being determined at a series of meetings in London.

No statement was issued at the conclusion of the meeting of the National Council of Labour to-day. The question of policy to be adopted is being left over for a joint meeting of the General Council of the Trade Union Congress, the executive of the Labour Party and the executive of the Parliamentary Labour Party.—*Reuters.*

WHAT JAPAN REALLY WANTS

Asiatic Empire

Canton, Jan. 21.
General Wu Te-chen, Governor of Kwangtung Province, in an exclusive interview with Prince A. Urach, representative of the semi-official German paper "Voelksischer Beobachter" made the following remarks:—

"The Japanese believe they are able to teach us through armed force that it is our duty to become friends of Japan. But in reality it is our turn to teach Japan that she cannot make friends by making war. Japan takes the mistaken view that only our Government is the enemy of the Japanese, and not the Chinese people. But to-day the entire Chinese nation is the bitter enemy of the Japanese invaders and is firmly decided to resist them to the bitter end. The Japanese armies may win victories on the battlefields, but in the end China will win the war."

"Japan professes as her aim the friendly collaboration of China and Japan in an Asiatic empire. But the facts are very different from these ideals. What Japan really wants is an Asiatic empire under the sole domination of Japan."

"In case the Japanese decide to attack South China, let them come. We are quite prepared to give them a hot reception. They will have no easy time with us, and new front to fight on."

"We have to be very grateful to Germany," Governor Wu Te-chen concluded, "for her untiring efforts to mediate in this conflict. Through unsurmountable difficulties these efforts of your country had to fall without success."—*Transocean News Service.*

JAPANESE TROOPS KILLED

Shanghai, Jan. 21.
Japanese barracks at Yangking, Chouchichu and Kaohsiao in Pootung were attacked last night by Chinese plain clothes men, the battle being waged until 4 a.m. today. Over 50 Japanese soldiers were killed, while the plain clothes men suffered very small casualties. Shachuen, an important town in Pootung, was captured by the plain clothes men, some of whom advanced southward and captured Fenghsien south of Shachuen.

It is believed that these irregulars will be able to hold out for some time because of their guerrilla tactics and the insufficient number of Japanese troops for mopping-up campaign in Pootung.—*International News Agency.*

GLASGOW BRIDE IN SINGAPORE

The Presbyterian Church, Singapore, was prettily decorated for the wedding of Miss Amelia Campbell Caldwell and Mr. Scott McMurray Kirkpatrick.

Miss Caldwell arrived in Singapore by the Marnix V. St. Aldergunde and she is the daughter of Mr. and Mrs. William Caldwell of Glasgow. Mr. Kirkpatrick, who is with Sungei Tiram Rubber Estate, Ltd., Johore Bahru, is the son of Mr. and Mrs. S. M. Kirkpatrick, of Eastbourne. His father was formerly in Singapore and is well known out here.

Mr. W. J. Warin gave the bride away.

TRAFFIC OFFENCES

Before Mr. H. R. Butters at the Kowloon Magistracy yesterday, Cpl. J. Bowler, of the Royal Corps of Signals, was fined \$10 for driving at a speed of 40 miles per hour in Nathan Road.

James Volgin, residing at No. 5, Hankow Road, first floor, was fined \$8 for driving at a speed of 38 miles per hour in Nathan Road on December 29.

A fine of \$10 was imposed on W. Anderson when he pleaded guilty to a summons for driving in the Nathan Road controlled area at a speed of 30 miles per hour.

FREEMASONRY IN 1937

Memorable Year Of Progress

THE KING AND GRAND LODGE

Coronation Year has been one of much activity in the world of Freemasonry culminating in the great meeting of Grand Lodge at the Royal Albert Hall on June 30, at which, unfortunately, the Grand Master, the Duke of Connaught, was unable to be present. The presence of the King on that occasion would have secured a record attendance in any event, but when it was believed that the Sovereign would take an active part in the proceedings, the interest was increased.

The King, who had accepted on March 3 the office of Past Grand Master, was invested by the Earl of Harewood, Pro Grand Master, in that office, and subsequently occupied the chair, when, on behalf of the Grand Master, he invested the brethren appointed to Past Rank, including the late Mr. R. W. Bingham, the American Ambassador, as Past Grand Warden. Although the Royal Family has for nearly two centuries been prominent in Freemasonry, this was the first occasion on which a Sovereign presided in Grand Lodge.

Apart from this national and Imperial event, Freemasonry in England has continued its steady progress. There were at the end of September 4,997 Lodges under the United Grand Lodge of England, an increase of 54, of which 21 are new London Lodges, 31 Provincial Lodges, and two Lodges overseas; in addition, there were 1,880 Royal Arch Chapters, an increase of 23 (eight London and 15 provincial).

The Grand Lodges of Ireland (established 1725) and Scotland (established 1736) are in complete amity with England and have many Lodges scattered throughout the Empire, where there are many independent Sovereign Grand Lodges—Canada, 8; Australia, 6; New Zealand, 1. In the Western Hemisphere there are, in addition to the 49 Grand Lodges in the United States, many others in Central and South America, Mexico, and the West Indies. In the Eastern Hemisphere there are 14 Sovereign Grand Lodges "recognized" by England, of which the Scandinavian group—Sweden, Norway, Denmark, and Finland—are perhaps the nearest to the English model. Most of the other European Grand Lodges have fallen under a political ban or are otherwise inactive. In Switzerland, which has German and Italian influences on two sides, a referendum was recently taken on the question of the suppression of all secret societies (including Freemasonry), but by more than two to one the Swiss electorate declared against such legislation.

POLITICS BARRED
England and the two sister Grand Lodges are not only the oldest, regularized organizations but are also the most emphatic in the prohibition of political or religious discussions in the Lodges as well as in the prohibition of women as members. At the September meeting of Grand Lodge at Leeds, the Pro Grand Master, Lord Harewood, referred to circulars which had been sent to various Masonic Lodges asking for support on practically political grounds for Abyssinian refugees, and pointed out the inadvisability of acceding to such requests. Such strict adherence to the well-defined principles of Freemasonry is in striking contrast to what has happened in other countries where different opinions have prevailed, and where interference in politics and religion has been the cause of either complete or partial suppression. The Grand Lodges of England, Ireland, and Scotland have for many years not been in relationship with the so-called Masonic organization in those countries, and the exchange of visiting has been forbidden, so that there is a complete gulf between Freemasonry in these islands and in other countries which are less rigid in their adherence to principle.

HEADQUARTERS EXECUTIVE
This year a new member has been added to the Headquarters executive, in the person of Brigadier-General W. H. V. Darrell, who, as Assistant Grand Master, will be in frequent attendance at Freemasons' Hall, and will undertake some of the duties which had been carried out by the late Grand Secretary, Sir Philip Colville Smith. Mr. Sydney White, his successor, has had 20 years' experience as Assistant or Deputy Grand Secretary.

SHE KISSED THE COMPOSER

No Excuse For Breaking Engagement

A Vienna magistrate has decided that a girl's close friendship for a composer, who dedicated a collection of his songs to her, was no reason for the girl's fiancée to break off the engagement.

The girl and her fiancée, an engineer, had known each other since childhood, and it was understood that they were to marry as soon as possible.

But every summer the girl used to visit Czechoslovakia, where she stayed with another man, a confectioner, who was well-known as a composer of songs. The fiancée, working in Vienna, heard about these visits, and his indignation boiled over when he learned how the girl had publicly kissed the composer after a show at which his songs were played.

He broke off the engagement, and the result was that the girl had him prosecuted on the criminal charge of "seduction under promise of marriage."

A large number of witnesses were heard, including the composer from Czechoslovakia, and at the end of a long case the magistrate found the engineer guilty and gave him a technical sentence of 14 days' arrest, instead of serving which he was bound over for two years.

The magistrate decided on the evidence that the girl's relations with the composer were nothing more than "musical enthusiasm." "Even a kiss from such motives," he added, "especially if it was publicly given, is no obstacle to the keeping of a promise of marriage."

ASSISTANT CAMP CHIEF OFF TO WEST INDIES

Mr. A. M. Chamberlain, Assistant Camp Chief of Gilwell Park, the Boy Scouts Training Centre at Chingford, left England recently in the Queen Mary for New York en route to the West Indies.

He will pay visits to Antigua, Barbados, Grenada, Trinidad, Jamaica and the Bahamas, where he will conduct Wood Badge Courses and District Training Courses, and help with Scouting generally. "He will be away for about four months."

In addition to the United Grand Lodge or the "Craft" (as it is properly called) and the Royal Arch, which is its ancillary, there are several other Masonic organizations. Of these the largest is the Grand Lodge of Mark Master Masons, which controls 809 Lodges, and has in project the rebuilding and enlarging of Mark Masons Hall. Mark Grand Lodge has its own benevolent fund, the sixty-ninth anniversary of which was held this year when £11,068 was received. The Mark Benevolent Fund has distributed £190,000 since the inception of the fund, and now has 98 annuitants, and also contributes to the education of a number of girls and boys.

DR. JOAD EXPLAINS "GHOST" HUSBAND

Vanished Man May Have Dual Personality

CASE OF "THE SAINT"

Although he hasn't very much belief in ghosts, Dr. C. E. M. Joad, head of the Department of Philosophy and Psychology at Birkbeck College, London University, does believe in dual personality.

He told me writes a Home correspondent, that he thinks the theory of dual personality provides an explanation of the strange case of a missing husband which was recently brought to his notice.

The husband and the girl he married met at a house in the West Country, in a room supposed to be haunted by a ghost. He took not the slightest notice of her, and walked out without saying a word in reply to a question, but she subsequently saw him in London, was introduced, and they married.

About a year later they went to the same house. While they were together in the same room as before the man walked out—and the wife has not seen him since.

TWO IN ONE BODY
"Dual personality is a fairly well credited thing," said Dr. Joad.

"Broadly speaking, it means that there are two different personalities inhabiting the same body. Call them X and Y. Then you have all sorts of combinations. 'X' knows what is going on in Y, or neither knows what is going on in the other; or Y knows what is going on in X."

"The best-known case of this kind is the one we always talk about as the 'Sally Beauchamp case.' She had four personalities. The original person was known as 'The Saint'—a high-minded girl who went to church and all that sort of thing."

INSULTED FIANCEE
"Later another personality took charge of the body. She was entirely different from the original character—a really high-spirited young woman and an outrageous flirt."

"In this case the second personality knew all about the first personality, 'The Saint,' and took a particular delight in doing things that would make things awkward for 'The Saint.'"

"The Saint" is engaged to a nice young man. The second personality insults and shocks him, and he won't have anything more to do with her.

"There were two other personalities, besides."

"I think this is a case of that kind, and that there may be some queer influence about that room which calls the second personality up into consciousness, like pulling a psychological trigger."

RETURN EXPECTED

Personality No. 1 doesn't know about Personality No. 2, but Personality No. 2 does know about Personality No. 1 and, as in the Beauchamp case, wants to make things awkward for Personality No. 1 by running away from the wife.

"These personalities alternate at fairly regular periods, so one would expect this second personality to lose control and the first personality to come back after a period."

"So, if this hypothesis is the right one, the wife will get her husband back. But he will come back knowing nothing at all about this second personality or about this business."

THIEVES CAUGHT

Lo Chuen, 23, unemployed, was fined \$50 or six weeks' imprisonment by Mr. C. B. Burgess at the Central Magistracy yesterday when he admitted the theft of a fountain pen from a Chinese in Gilman Street on Thursday.

In another case two men, Li Yiu, 25, and Chan Choi, 30, were charged in connection with the theft of a purse from a Mr. Chan Kwong at the Ping On Wharf. First defendant admitted the theft and was given four months' hard labour and ordered police supervision for two years.

The other man pleaded not guilty and was discharged.

Complainant failed to appear in Court and it was stated he had returned to China. The sum of \$1.13 which was in the stolen purse was ordered to be placed in the poor box.

TRACK WORK AT THE VALLEY

BY "LAST QUARTER"

In continuation of my article which appeared a fortnight ago, and with the closing of entries last Saturday, I am now able to give readers further details regarding the new ponies for the 1938 Annual Race Meeting.

The usual schooling of the ponies at the starting gate has also been included as part of the general training since early December and with few exceptions results have been satisfactory. Constant practice, with patient directing on the part of the Jockey Club officials, tend to go a long way towards breaking in the new ponies and getting them used to the barrier. I feel certain that owners, trainers and jockeys alike are grateful for the untiring efforts of the Club officials and staff in this respect.

In compliance with the promise made in my last article I will endeavour to devote more space to the subscription griffins; a class of racers which materially contribute towards the success of all race meetings in the Colony. The dozen or so ponies mentioned previously are still doing good track work though I am somewhat disappointed in the progress made by Gobi Star. This black from the Kong Bros. stable appeared promising but of late does not seem to enthuse over his work. However, I understand that the connections are deriving a small measure of compensation from the stable companion Desert Star. I have yet to see this chestnut in a gallop, but have heard from a reliable source that this sub is one of the best.

Salvage Master's Chances

Salvage Master, the grey mare belonging to Wong Sui Ngau continues to impress and I am confident that the Mayor of Taipei will have occasion to don his bowler and lead her in at the race meeting.

Piet Hein, much coveted at the draw two months ago, has only done slow work these past two weeks but this pony moves very freely and is definitely a very good one. He has all the makings of a champion and is sure to do well. I have heard it said more than once that this bay from the Hollandia stable was sired by King's Warden. In Louis XIV the popular jockey and owner S. W. Tang has a fairly good mount as this 141 pony is a nice galloper and has a gallant heart.

Yet Yang belonging to H. and H. will need some watching as this

chestnut is very consistent in training and is in excellent condition. There is a possibility that one of the leading Shanghai jockeys will be entrusted with this promising sub: Arabian Cat is keeping up the practice of the Lan stable and still doing creditable gallops though the pony appears to have gone back a little on form, judging from last Wednesday's performance. Borrachito, stable companion of the famed Gordito, will certainly uphold the "family" tradition. This grey should get a full share of the honours at the meeting and develop into one of the best subscription griffins of this season. Smiling Thru is the pick of the Eu Tong Sen table and I like this brown immensely because of his great freedom and effortless strides when galloping.

"Strong And Honest"

The Leopard who will sport the Tester and Abraham colours is a useful looking grey and was full of running last Wednesday when the mile was covered in 224 with a 31.4 last quarter. So far, Planchet belonging to Mr. F. C. Hall and Merrick from the John Peel stable have not been doing anything sensational but both these ponies are strong and honest, and capable later on of holding their own with the best of them. Final Triumph, purchased at rather a high figure at the recent Jockey Club auction, has not as yet fully justified his worth and can at present only be classified as a fair performer. Captain Blood, Sea Dragon, Wenning, Astrik, Be Yourself and All Baba are others that have come on nicely and worth following.

FUNG KING CHEONG

Will Not Play To-day

By "Right-Half"

Fung King-cheong, idol of the Chinese football fans in the Colony, is being rested and will not take part in the Governor's Cup match this afternoon between the Association and the Chinese A.A. Federation.

Leader of the Chinese attack will, therefore, be Chan Tak-fai, the South China "B" star and it is felt that he will justify the confidence placed in him by the Chinese selection committee.

Since Lee Wai-tong retired from first-class soccer Fung King-cheong, has had a lot of work thrust upon him and as a result he has become a trifle stale.

In view of the forthcoming visit of the Islington Corinthians, the move to rest Fung is, in my opinion, a very wise one.

DOCKYARD POLICE AT HOCKEY

The Royal Naval Dockyard Police brought their "carnival week" to a close yesterday when they engaged details from the Royal Welch Fusiliers in a friendly hockey match at King's Park and were beaten by four goals to one. They had, earlier in the week, played H.M.S. Herald at cricket and football, winning the cricket match and losing the football encounter.

In the hockey match yesterday the Dockyard team were obviously wanting in practice though they gave the impression that with a few more games they will develop into a fairly useful team.

Exclusion Of Saw Causes Surprise

IS KNOX IDEAL LEADER?

BY "RIGHT-HALF"

Football of a very high standard should be seen at Caroline Hill this afternoon when the Hong Kong Football Association team meets the Hong Kong Chinese Amateur Athletic Federation eleven in the Governor's Cup competition.

The Chinese side won by three goals to one in the first match of this series, played on November 13, and they only need a draw to-day in order to keep the Cup for the season. If, on the other hand, the Association should turn the tables on the Chinese, a play-off will be necessary and in this event the match will probably be fixed for late in the season.

There are one or two criticisms I have to make regarding the selection of the Association team for this all-important fixture.

In view of the fine form displayed by Saw of the Middlesex Regiment, at inside-left, I am indeed very surprised that he is not given a place in the team. Saw is a clever player and he uses his head a great deal in working out openings for the inside men.

Grogan Passed Over

Then there is the selection of Freshwater for the outside right berth. He plays for the Middlesex but in the Regimental team Grogan is the regular right-wing so that there may have been some mistake here as well.

Knox, the Kowloon Football Club leader, has been given the centre-forward position but I feel that Calvert (R.A.) is better suited for this place for Knox is very definitely left-footed and the inside-left position would have been ideal for him.

Smith of the Navy, after his grand display against the Army in the Lal Wah Cup, has been left out of the side. Of course he might have left the Colony, owing to the exigencies of the service, but I rather doubt that. Anyway I would have preferred him to

"Sonny" Bliss at left-half though the Kowloon man is still a very reliable player.

Just one more point. Hussain, the young St. Joseph's full-back, is considered one of the steadiest defenders in local football this season. He has had one or two representative games too and his exclusion from the team has come

as a bit of disappointment to his many supporters.

The Association team will have to play a very fine brand of soccer to hold their own, and the best thing they can do is, perhaps, to adopt the long-swinging game, as short-passing tactics have never been very successful against the nippy Chinese players.

How to get rid of Disfiguring Blemishes

How much younger would you look and feel if your skin was clear and entirely free from blemish?

Pimples, spots, blackheads, enlarged pores, burning irritations and ugly complexion defects are woman's most common "ageing" enemies. To all who suffer, Cuticura presents the most simple and effective way to clear the skin.

Cleanse the skin with Cuticura Soap twice a day. Its luxuriant, mildly antiseptic lather is soothing and softening; washes away pore-deep dust and grime which develop blackheads, enlarged pores and ugly complexion defects. And to

rid the skin of pimples, outbreaks, rashes or irritations use Cuticura Ointment direct on the affected part before washing with the soap. Its antiseptic action kills germs, soothes and heals and quickly clears the skin.

Try this treatment to-day, see how your skin begins to look clearer and fresher; your complexion smoother, lovelier, more attractive than ever before.

must be punished. If he unjustly attacks an individual the person defamed may sue for damages. If on the other hand, the words be written or printed or if treason or immorality be thereby inculcated, the offender can be tried for the misdemeanour either by information or indictment.

WHAT IS THE MORAL?

What moral can we draw from all this? Is the impact of law on citizenship to-day a good thing or not? Is there any justification for the view that the citizen of to-day is rapidly being stripped of his heritage of freedom and being converted into little more than an automaton?

My own view is clear. The whole trend of modern social legislation has brought nothing but good in its train. The house of the law in which, in Carlyle's imagery, we lead our lives is not cribbed cabined and confined. It is a house of lofty ceilings and large rooms in which the good citizen can lead a healthy civic life, with a real chance of developing his powers to their fullest extent, and a reasonable certainty of taking full enjoyment from the duties and pleasures of civic life. There is a spaciousness, a security, a serenity about modern citizenship which the citizen owes in very large measure to the law which at every point surrounds and protects him. He still has freedom of thought or opinion, freedom of will, and English law imposes on freedom of action no limitation which can possibly irk a good citizen. Ruskin wrote "Freedom is only granted us that obedience may be more perfect", and Butler in his Hudibras puts my whole argument in six lines.

Laws do not put the least restraint upon our freedom, but maintain it.

Or, if they do, 'tis for our good To give us freer latitude. For wholesome laws preserve us free

By stinting of our liberty.

NO POLITICS

In conclusion may I assure you that no political or party motives underlay any portion of this talk. A judge has no politics. The citizen owes the great code of social legislation which has in the last century been brought into being for his protection to no one party more than to another.

The inspiring power behind that legislation has been the humanitarian desire to make life better worthwhile for every citizen, and humanity has no party. I do not think that I can more vividly describe the present state of things than by ending with a quotation from Mr. Sidney Webb, afterwards Lord Passfield, Secretary of State for Colonies in the Labour Administration, an author who is certainly no opponent of socialism and who, if he expresses himself with satirical exaggeration, is honestly trying to depict matters as they were in England when he wrote these words in 1902:—

"The practical man, oblivious or contemptuous of any theory of the social organism or general principles of social organisation, has been forced, by the necessities of the time, into an ever-deepening collectivist channel. Socialism, of course he still rejects and despises.

The individualist town councillor will walk along the municipal pavement, lit by municipal gas, and cleaned by municipal brooms with municipal water, and seeing, by the municipal clock in the municipal market that he is too early to meet his children coming from the municipal school, hard by the county lunatic asylum and municipal hospital, will use the national telephone system to tell them not to walk through the municipal park, but to come by the municipal tramway, to meet him in the municipal reading room by the municipal art gallery museum and library, where he intends to consult some of the national publications in order to prepare his next speech in the municipal town hall, in favour of the nationalisation of canals and the exercise of Government control over the railway system. 'Socialism, Sir,' he will say 'don't waste the time of a practical man by your fantastic absurdities. Self-help, Sir, individual self-help, that's what's made our city what it is'."

SECRET NAVAL BUILDING ADMITTED

"But You Must Trust Us," Says Japan!

"NON-MENACE AND NON-AGGRESSION POLICY IN CHINA"

Tokyo, Jan. 21. "If third Powers are taking the Sino-Japanese hostilities as a pretext to build additional warships it is purely due to a mis-construction and distortion of the situation," declared Rear-Admiral Noda, spokesman of the Navy Ministry, when interviewed by Reuter concerning Japan's naval plans.

Japan, added Admiral Noda, is seeking only peace—in the Far East and throughout the rest of the world.

Questioned concerning the allegation that the Japanese navy might have been responsible for starting the race in tonnage and gun calibre, he replied that, judging by express reports, the United States programme as well as that of Soviet Russia might be taken as initiating the naval race.

Admiral Noda declined to answer all the questions concerning Japan's capital ships programme. The strictest secrecy, he said, had always been maintained regarding Japanese naval construction plans and he was unacquainted with them. The Japanese navy, however, he added, adhered to the policy of non-menace and non-aggression.

Replying to the suggestion that Japan's secrecy in this connection was in itself a menace to third Powers whose building programmes were always published beforehand, the spokesman agreed that secrecy might cause uneasiness to outsiders, but added: "We insist that our policy is one of non-menace and non-aggression and we should be trusted."

GOOD WORK BY SCOUTS

Trace Man Who Lost Memory

On the evening of the 1st November several boys of the 2nd Turfontein (St. Johns) Troop, Johannesburg, South Africa, received an urgent message to report to their Scoutmaster at 8 o'clock. On doing so they were informed that a certain gentleman suffering from loss of memory was missing from a nursing home. A description of the man was given them. They made a thorough search in the districts of Rosettenville, La Rochelle and Kenilworth, as reports received stated that he was seen in the vicinity, but without result. The Troop, led by Scoutmaster Thackeray, then decided to comb the Rosettenville kopjes in the direction of the nursing home.

Footprints were discovered in a road leading over the kopjes, and after examination and discussion the Troop felt certain that their man was in the vicinity.

After hours of searching the missing man was located by one of the boys. It appeared that he had wandered off the road. Being difficult to handle, some of the Scouts ran off to obtain help from the staff a mile away, the others keeping him quiet meantime.

The Troop returned home at 5 a.m. feeling tired but happy in the knowledge that they had done a good turn to someone, and put the minds of the relations of the sick man at rest.

MR. HUBERT MARTIN TELEVISED

One day Scouting may take a leading part in television programmes, for although television is still in its infant stages, Boy Scouts have been seen on the screen more than once.

Mr. Hubert Martin, C.V.O., C.B.E., the Boy Scouts International Commissioner and Director of the Boy Scouts International Bureau, made his first television talk at Alexandra Palace last December, and was received extremely well. It was an impromptu "question and answer" talk dealing with the work of the International Bureau, organisation of World Jamborees, the present activities of the Scouts in Spain and China, and foreign Royalties who are Scouts.

The first time a Scout had ever been televised was when the Rhodesian Scouts were in England to see the Coronation. One of the Leaders gave a rope-spinning act before the camera.

The first Headquarters Commissioner to be televised was Sir Percy Everett, Deputy Chief Commissioner of the Boy Scouts Association.

YESTERDAY'S OFFICIAL QUOTATIONS

The declaration of a final dividend of \$3.75 for Star Ferries, making \$5.75 in all for 1937 as against \$5 for 1936, has had a stimulating effect on the market. There is a general enquiry for all utility companies shares with buyers showing more inclination to better their offers.

At the beginning of the week London sold H.K. Banks on the basis of \$88 cum dividend, but there has since been an increasing local demand above this level. The Manila market opened, and at the close remains steady, with most quotations marked up on the week.

GUN OUTRAGE IN TIENTSIN

On Trail Of Former Guerilla Leader

Tientsin, Jan. 21.

Ten Chinese gunmen entered the British Consession last night and raided the residence of General Li Tu in Bombay Road. The gunmen demanded the appearance of General Li Tu who was formerly either a subordinate in the "machanshan" or a former guerilla leader. When they learned that Li Tu was at present in Hankow, the gunmen mortally wounded Li Tu's nephew, seriously wounded another nephew and slightly wounded a third occupant of the house, and decamped.

The outrage followed the Anglo-Japanese friction yesterday arising out of the Japanese demand for the surrender of an alleged Chinese agitator whom the British police had detained but had refused to hand over owing to lack of incriminating evidence, in which connection, owing to the attitude of the Japanese authorities, the British military units were ordered to stand to.—Reuter.

ROAD TO CANTON BOMBED AGAIN

Scores Of Missiles: No Damage

Canton, Jan. 21.

It is now ascertained that the newly-completed highway linking Canton and Kowloon was subjected to a second raid yesterday afternoon when a fleet of 13 Japanese bombers dumped scores of high explosives along the road between Pingwu and Cheungmuk-tun.

Another squadron flew east and rained four bombs on the Canton-Wai-chow highway.

The Canton-Hankow Railway was also the object of another Japanese air raid yesterday. Although scores of bombs were dropped along the line between Kuntien and Wangshek, no serious damage was done, the report said.—Central News.

UNIVERSITY TO REMOVE

Canton, Jan. 21.

The National Sun Yat-sen University and the Affiliated Middle School will remove to Loting County on the West River, according to a decision of the authorities.

The removal will be made during the coming holiday and the classes will open in Loting next term. Shikpal, the present site of the University is considered unsafe as it is frequently bombed by Chinese planes.—Reuter.

CHINESE IN JAPAN

Tokyo, Jan. 21.

With regard to the treatment being accorded to Chinese diplomats and consular representatives in Japan, the Japanese Foreign Office, in a statement, declares that it is the intention of the Japanese Government to follow the principles, firstly, that diplomats and consular officials of the Chiang Kai-shek regime in Japan who are proceeding home will be extended all diplomatic privileges and their persons and property will receive full protection until they leave.

Secondly, the Japanese Government continues to accord those remaining protection of their persons and property which they have hitherto enjoyed.

Thirdly, even after departure of the Chinese diplomatic and consular officials, the Japanese authorities will give protection to the Chinese Embassy and consulate buildings without trespassing thereon.—Reuter.

50 CANTON BANKS TO CLOSE

Canton, Jan. 21.

Because of the stagnation of business, nearly 50 Chinese native banking houses in Canton are reported to have resolved to close down.

The Canton Chinese Banking Guild will hold a meeting to discuss the present situation.—Reuter.

ANNUAL RACE CARNIVAL

(Continued from Page 10.)

While it is yet difficult to intelli-
gently forecast the results when
the subscription griffin meet, as
I feel they are evenly matched, my
selection of the six best ones, based
entirely on training performances
and present condition, are: Piet
Helm, Pei Ying, Arabian Cat, Sal-
vage Master, Borrachito and Smil-
ing Thru.

The Australians

Little Audrey still seems to lay
claim to the title of "champion
flyer" of the 1938 Australian sub-
scription ponies though Annabella
should be considered as a very
worthy challenger. These ponies
are both very fast and should do
well in the sprint events, especially
The Sydney Maidens. Tornado
Star, who fully justifies the name,
appeals to me quite a lot and I am
sure the trainer is now more than
compensated for the trouble and
patience he took in breaking in
this lively chestnut mare. King's
Privilege and Criffler are still doing
slow work but showing decided im-
provement. A Lovely Time, owned
by Mr. Li Po Chun, has a nice easy
action and should be amongst the
winners at the annual meeting.

The Eve stable has Simonian
Eve, one of the smallest ponies in
this year's batch, but well thought
of in certain circles. Bredon is
also a sprinter of no mean ability.
Lucky Lad, Sea Spray and Murray
River are above the average but
the remainder appear to be only
mediocre and will sooner or later
find their way into the "C" class
and battle for honours between
themselves at the Extra Meetings.

Griffins

Interest in the Hong Kong Derby,
the Blue Riband of the local turf,
has been intensified lately due to
several creditable gallops by a few
of the lesser known candidates.
Moonlight View, despite a number
of fairly good gallops over the mile
did not create much interest until
last week when this black gelding
was sent over the Derby course
(1-1/2 miles) and did exceptionally
well. Taking 3.18-4/5 for the full
distance, the last half mile was
done in 1.02-4/5 and the last quar-
ter covered in 31-4/5 seconds; a
truly remarkable performance and
one that few, if any, of the rail
fans and enthusiasts thought this
pony capable of performing. I
have since also obtained particu-
lars of the gallop which National
Pride did on New Year's morning.
This iron grey stallion covered the
1-3/4 miles in 4.10, with a 1.02-3/5
last half mile and 31 flat for the
last quarter. Incidentally, the last
mile in the two strong gallops were
2.08-2/5 and 2.11 by Moonlight View
and National Pride respectively.
Pinfarthings, owned by Mr. C. B.
Brown, has been showing a good
turn of speed and is undoubtedly
one of the best sprinters amongst
the griffin class of the year. If
this chestnut shows later that he
possesses stamina as well, we will
here again have another serious
contender for Derby honours. I
have been told that Desert Chief
is the Eu Tong Sen "crack" and
hard to beat, but as I have not
seen him in action I cannot make
any comment. In Cameronian,
however, this stable has another
strong representative and a beauti-
ful animal as regards looks. Per-
haps by the time my next article
appears I may have some informa-
tion concerning this formidable
stable.

The "Smasher"

Harmony Eve, the reported
"smasher" from the Eve stable is
slowly getting into stride and de-
monstrating her prowess. This bay
mare is undoubtedly the best of
the Sassoon griffins and can be
safely counted upon as the stable
candidate for the Derby. I anti-
cipate it will not be long before
this pony is sent over a sharp
gallop as a genuine test for the
meeting. Silkylight is another re-
gular candidate that is on view
every morning but I do not think
there will be any real fast tryout
until the owner and jockey arrives
from the North. Rumours are cur-
rent that they will soon be here.

Messrs. Kong Bros. have entered
three griffins for the meeting but
their Derby representative will
probably be Lovely Star or For-
gotten Star; both fair performers.
Mr. Li Po Chun's latest acquisition
arrived but a few days ago and
he has appropriately named it Just
in Time. This stable, I am in-
clined to believe, will rely mainly
on Advancing Time, a dun mare
that has been in regular training
for quite a while. Confusion Bay
will be the hope of the Dunbar

ANNUAL TENNIS CHAMPIONSHIPS

Entries Open For H.K.C.C. Events

Entries for the annual tennis
championships, organised by the
Hong Kong Cricket Club, have just
been opened and although it is
much too early to make any com-
ment regarding the players enter-
ing for this annual tennis classic,
indications are that the entries
this year will be larger than they
were in 1937.

As usual there are two events
open to the Colony—the men's
singles and doubles and as far as
I have been able to ascertain, all
the Colony's leading lights will be
participating. H. D. Rumjahn,
holder of the singles title, will be
defending his title and he, together
with his cousin, "S. A." will again
defend their doubles title.

CLUB EVENTS

In connection with the tourna-
ment, the following events are
open for members and subscribers
of the Hong Kong Cricket Club
only. Entries close on Saturday,
February 12, at 6 p.m. and it is
one of the conditions of the
tournament that holders of Chal-
lenge Cups wishing to take part
must enter and play from the
commencement.

All rounds best of 3 sets, except
Semi-Finals and Final, best of 5
sets.

The number of competitors
playing in this event will be limited
to 32. If the number of entries
exceeds that figure the Committee
reserve the right to reject any en-
try.

Handicap Singles "A"

Handicap Singles "B"

Handicap Doubles.

The Committee reserve the right
to make two classes of this event
if there are a large number of en-
tries.

Mixed Handicap Doubles.

SIX GOALS FOR THE NAVY

Eastern Trounced At Causeway Bay

In a one-sided football match
on the Navy ground, Causeway
Bay, yesterday the Royal Navy
second eleven beat Eastern Foot-
ball Club 2nd XI by six goals to
nil. Warman playing a good game
at centre forward for the Navy to
claim three of the goals.

Result of the game was not al-
together surprising as Eastern
were not at full strength and had
to rely on the services of a few
spectators at the last minute to
make up the side. As things were
they put up a better game than
the score would indicate and the
match turned out to be a very
enjoyable afternoon's sport for all
concerned.

FOUR EARLY GOALS

Navy scored four times in the
first half, Warman opening the
account with a fine goal and soon
added another to the total. He
was followed by Smith and Per-
kins both of whom scored from
close range.

After the interval Eastern play-
ed better together as a team and
as a result of the Navy could only
add two more goals, Warman and
Cooke being the marksmen.

NAVY: Willis; Leftbridge, Bent-
ley; Blair, Chearman, Smith; Bar-
row, Perkins, Warman, Cooke and
Foreman.

EASTERN: Leung Tai-fong;
Wong Che-kee, Yeung Poon-wa;
Wong Lin-san, Yeung Poon-han,
Lee Yau-chun; Lee San, Lee Yau-
leung, Wan Lo-kwan, Fung Wai-
sing and Yeung Yuen-nam.

stable while Mrs. Dunbar's sole en-
trant is called Nokomis. These
two ponies are quite up to the
mark and coming to hand in grand
style especially the former. I must
admit that at one time I was far
from pleased with Confusion Bay
but this bay stallion has shown
such marked improvement of late
that one might not be far wrong
in considering the "pink and green
hoop" for the year's classic.

All in all, I foresee a strong and
classy field stripping for the Hong
Kong Derby with very open pro-
spects though all attention at pre-
sent is focussed on Harmony Eve,
Silkylight, Moonlight View, Nation-
al Pride and Confusion Bay.

LADIES' HOCKEY CARNIVAL

Pearce Trophy Matches

(BY C.I.R.E.)

The annual Seven-a-Side Tourna-
ment for the Pearce Trophy will
take the spotlight in ladies' hockey
this afternoon when seven teams
will compete for honours.

The draw was made earlier in
the week and the tournament is on
the knock-out system.
The first match of the day will
be between the Recreio Ladies and
the Hong Kong Ladies. The latter
should enter the semi-finals as
they have a better team. The re-
turn of Miss M. Remedios should
give the Recreio attack impetus
though it is doubtful whether they
will get very far against the steady
defence of the former Caer Clark
Cup holders with such stalwarts
as Miss E. M. Gray, Miss B. M.
Pope and Miss B. Hebling holding
the fort.

"Y" FAVOURED

The Y.M.C.A. Ladies should gain
the verdict over the C.B.A. Ladies
though Mrs. Margaret White, the
latter's leader, will have to be
watched. This season the Y.
Ladies have certainly established
their position as worthy holders of
the Caer Clark trophy in no un-
certain manner and to date have
not lost a single League match.
Their team for this afternoon will
include the Interceptors, Miss A.
Fowler, Mrs. Sybil Gardiner and
her sister, Mrs. Olive Burnett.

SCHOOLGIRLS SHOULD WIN

The Central British School,
among whose ranks are many very
promising players indeed, are
matched against the Seaford
Ladies and a keen tussle should
result with the odds slightly in
favour of the schoolgirls. Victory
will earn the C.B.S. the right to
play St. Andrew's Club Ladies (who
have drawn a bye) in the semi-
final. It would appear that the
key match of the afternoon will be
the meeting between the Y. Ladies
and the H.K. Ladies in the semi-
final that is if predictions work
out according to book. St. An-
drew's should find their way into
the final as in Miss P. Gittins, the
Interceptor, they have a good
goal-scoring medium.

The final will probably be con-
tested between the Y. Ladies and
St. Andrew's and an interesting
encounter should be witnessed,
with the chances in favour of the
Caer Clark Cup champions.

R.A.M.C. ASSOCIATION

The annual general meeting of
the R.A.M.C. Association will take
place in the Concert Room, Mil-
itary Hospital, Bowen Road, on
Wednesday, February 2, at 6 p.m.
The proceedings will be followed
by a smoking concert.

FOREIGN MAILS

Green 5 cent stamp duty stamps are declared invalid for
postage as from 21st January, 1938. Any of these stamps re-
maining in the possession of individuals on that date will be
exchanged on application at the General Post Office for an equal
number of the current issue purple 5 cent postage stamps.

Ordinary air mail letters for Imperial Airways Direct Ser-
vice to Europe etc., will, until further notice, be closed at Kow-
loon Post Office and General Post Office 9.00 a.m. on Sundays.
Letters for this Service may be posted in the ordinary posting
boxes at Kowloon Post Office and General Post Office. They
should be clearly marked "By Air Mail" and bear sufficient post-
age. Insufficiently prepaid letters may be taxed with double the
deficiency or forwarded by Steamer Service, at the discretion of
the Post Office.

Air Mail Service to Shanghai is temporarily suspended.

Letters and Postcards for Europe and South America
are forwarded "via Siberia" if so superscribed.
